## **Instructions for Appeal**

To submit a Notice of Intent, institutions must send an email to [AltEarningsAppeals@ed.gov](mailto:AltEarningsAppeals@ed.gov). While a Notice of Intent must be received by the Department no later than 14 days after the issuance of the final D/E rates, institutions may submit their notice upon receipt of their draft D/E rates. Notice of Intent email messages must have the subject line "Notice of Intent to File Alternate Earnings Appeal" and the body of the email must include the institution's name, 6-digit OPEID, and the CIP codes and credential levels for each program that will be part of the appeal.

Income data for alternate earnings appeals must be from the same calendar year used by the Department in its calculation of the program's D/E rates; 2014 for the current cycle of calculations.

Alternate earnings data for D/E rate appeals may be obtained by the institution from either an institutional survey of the GE program's former students or from a state-sponsored data system. In either instance, the students included in the appeal must be those who were in the cohort that was used by the Department or in a comparable cohort period.

As described in [Gainful Employment Electronic Announcement #85](#), the Department has created a survey and calculation tool to assist institutions, at their option, with conducting their own survey. The RGEES Platform and a [Best Practices Guide](#) are available in the "Resources" section of the [Gainful Employment Information Page](#) on the IFAP website. Regardless of whether institutions elect to use the RGEES Platform, the survey must be conducted in accordance with the Department's [Standards for Conducting the Recent Graduates Employment and Earnings Survey \(RGEES\)](#). When submitting documentation of survey results for an alternate earnings appeal, institutions must include a signed certification from their President/CEO attesting that the survey was conducted in accordance with the Standards and that the mean or median earnings used to recalculate the GE program's D/E rate were accurately determined from the survey results. An examination-level attestation engagement report from an independent accountant or independent auditor must also be included, certifying that the survey was conducted in accordance with the Standards.

When submitting documentation of alternate earnings data from a state-sponsored data system, the institution must demonstrate that the data were obtained for at least 50 percent of the completers in the cohort period and that it included at least 30 completers. The submission must be accompanied by the President's/CEO's signed certification that the state-provided earnings data were accurately used to recalculate D/E results.

Completed appeal packages must be emailed to [AltEarningsAppeals@ed.gov](mailto:AltEarningsAppeals@ed.gov) with the subject line "Alternate Earnings Appeal" and must include all required documentation as attachments to the email. Appeals submitted after the 60-day period or with incomplete documentation will be denied.

You are hereby notified that Florida Coast School of Law is filing an Alternate Earnings Appeal of the final Gainful Employment debt to earnings rates for its juris doctorate program.

Based on our successful bar pass rates, which are higher than 26 other ABA-accredited law schools, and very low cohort default rates, as well as the total secrecy of the earnings data derived from the IRS records, we believe that the rates published by the Department are not accurate.

We will be conducting the graduate survey and submitting the documentation for the results of the survey, in accordance with the regulatory timeline.

Please contact me directly with any questions.

To Whom it May Concern,

This serves as official notice of Pivot Point Academy's – OPEID #010836 – Intent to File an Alternate Earnings Appeal for CIP code 12.0401, credential level 1.

As a new school owner as of November 2015 I had no relationship or decision of enrollment with the cohort that I am now appealing the findings. I do understand that in purchasing this institution it is being judged by the OPE number. It will be a challenge to contact passed students who will trust to give me accurate income for 2014.

I am also a salon owner for 31 years with 150 employees. My challenge over the years has been competing with salons, independent contractors and home hairdressing that do not claim all or any of their income.

I feel I am being asked to do the work of the IRS.

I just want to state that for the record.

I will follow the directions given to register an appeal and pray for the best outcome.

Best,

Denise Provenzano

## RGEEES: Notice of Intent to Appeal

**Timing:** An institution electing to submit an alternate earnings appeal may file its Notice of Intent to Appeal with the Department as late as 14 days following the issuance of the final D/E rates.

**Content:** With regard to the Notice of Intent to Appeal, in its *Gainful Employment Electronic Announcement #95 - Debt-to-Earnings Rate Alternate Earnings Appeals*, the Department offered the following guidance regarding how to file:

Notice of Intent email messages must have the subject line “Notice of Intent to File Alternate Earnings Appeal” and the body of the email must include the institution’s name, 6-digit OPEID, and the CIP codes and credential levels for each program that will be part of the appeal.

**Delivery:** To submit a Notice of Intent, institutions must send an email to:

[AltEarningsAppeals@ed.gov](mailto:AltEarningsAppeals@ed.gov)

Ideally, emails should be sent from an official school email address (for example, [bob@school.edu](mailto:bob@school.edu)), or the request should be made on school letterhead.

**Sample Form:** Below, find a sample notice that satisfies these requirements. When completing the form, make sure to confirm the accuracy of the OPEID number and the listed programs. Be sure to list every program within the OPEID for which you intend to submit an appeal. Once all appears satisfactory, you can file it directly. Be sure to save a copy of the submission.

The appeal process is being started for your institution: TG8900/SC485BD

We are currently approved by the DE for our CIP programs of 120401 & 120409 & 120413  
Our documents have been processed with NSLDS in a timely manner and our submitted draft completers list is minus our main program of CIP 120401.  
Our GE D/E List is also complete but the submitted Draft GE D/E is blank. We have % in SAIG but the data was not processed by NSLDS and we now have failed for 120401 and in the zone for 120409.  
Please help us with the data processing. I have called and been instructed they are not able to help us and no further information is given by NSLDS. It is my belief that one part doesn't know what the other part is doing and therefore we are affected by the ability of each part to communicate with the other parts to process our data.

We need instruction from you to help us clear up this data information and resolve our submissions challenges.

Dear GE Operational Team:

Institution: New Tyler Barber College  
OPEID: 022842

I have a question regarding the students to include in the Alternate Earnings Appeal.

Please clarify the following, "The students included in the appeal must be those who were in the cohort that was used by the Department or in a comparable cohort period."

Does this mean to include all the students on the Gainful Employment Completers List, for New Tyler Barber College a total of 141 students.

or

Does this mean to include all the students on the Draft Gainful Employment

Completers List, for New Tyler Barber College a total of 106 students.

or

Does this mean to include all the students listed on the Final Gainful Employment Debt-to-Earnings List Including the Transitional Students, for New Tyler Barber College a total of 74 students.

Please advise, we want to make certain that we are surveying the correct students for the appeal.

Thank you so much for your assistance.

Hello,

When submitting notice of intent to appeal, how should the institution describe the program name – should it use the program name as listed on the ECAR, or should it use the program name in the GE backup file which matches the CIP code? For example, our institution uses the name “Aveda Cosmetology” on the ECAR, which is affiliated with CIP code 12.0401; however on the GE backup file the program name is described as “COSMETOLOGY/COSMETOLOGIST, GENERAL.”

Thank you in advance for your help.

**Subject:** Question regarding Notice of Intent to File Alternate Earnings Appeal

Dear GE Operational Team:

I am writing to ask if your office sends a notice of receipt email confirming that your office received the "Notice of Intent to File Alternate Earnings Appeal".

New Tyler Barber College sent an email on Tuesday, January 17, 2017 of the Notice of Intent to File Alternate Earnings Appeal however, we have not received any response confirming that the email was received by your office.

Please advise, so that we are certain that we sent notice properly.

Sincerely,

**Subject:** Questions about RGEES Survey

We received our list of graduate that we have to contact for the RGEES survey. It lists both Cosmetology and Aesthetics graduates. We passed for Aesthetics, but failed Cosmetology. Do we have to have all of the students complete the RGEES, or just the Cosmetology grads, since we only failed that?

Are we supposed to add a line to the survey for the graduates to sign once they have completed the survey?

Also, once we have the completed surveys returned to us, how do we submit the data and/or surveys?

Thank you,
